

# Critical Information Summary

# OptiComm 1000/50 Lightning Plan

## Information about the Service

### What is the service?

The service is a standalone residential broadband Internet service which utilises the OptiComm fibre network infrastructure (e.g. fibre to the premises, fibre to the building, hfc) to provide access to the Internet and related services, such as VoIP.

### Where is it available?

This service is only available in selected areas where OptiComm fibre has been rolled out in NSW, VIC, ACT and QLD - for availability please contact our Customer Support team.

### Contract term(s) of the service

24 months | 12 months | 6 months | No Contract

### What's included?

Plan	Monthly Data Allowance
1000/50 Lightning 2TB	2TB

### What's NOT included?

- Email service
- Telephone/Landline/VoIP service
- Battery backup (This means your voice and data services will be temporarily unavailable for the duration of the power outage)
- Central splitter for FTTB/N in standard installations

### Offer Conditions

- You must be the owner of the property (or have the owner's consent) before service is installed
- Your account must remain in credit at all times to use this service. If your account balance falls below \$0.00, your access to the Internet may be restricted
- To use the service, you require a compatible modem/router with gigabyte uplink port with at least AC1600.
- User of service must be in compliance with our Fair Use Policy

### Internet Speed

Denoted as maximum port speed, the actual speed you can achieve could vary due to a number of factors including but not limited to the access technology type used, the performance of the local infrastructure and cabling, the number of users in your area, the equipment you use, the source and destination of content you access on the Internet. Therefore, OCCOM can NOT guarantee you will get the maximum port speed. It is not possible for us to determine precisely the speed that you will be able to achieve until your service is connected. If you are not achieving satisfactory speeds or you cannot achieve the typical speeds shown for your plan after connecting to a higher speed tier, please contact us as soon as possible and we will provide some troubleshooting tips that may improve thing.

### Data Allowance

There are no excess usage charges – instead, traffic beyond the data allowance will be slowed (shaped) to 256/256kbps Speed. Both your downloads and

uploads count towards your data allowance.

### Upgrading/Downgrading Your Plan

You can upgrade or downgrade your plan at any time regardless of contract, plan change charge may apply.

### Relocating Your Service

You can relocate service to new address by paying a relocation charge. If there is no serviceable fibre coverage, we will offer to provide you with Mobile Broadband service. If you decide not to relocate, standard termination terms and charges will apply.

### Cancelling Your Service

If you need to cancel your OptiComm fibre service, you will be required to give us 30 days' notice. If you are within a contract, standard early termination fee will apply. No pro-rata credits or refunds are offered for cancelling accounts. Please bare this in mind if you need to cancel a service.
