### Data Banking

At the end of your monthly billing cycle, any unused data goes into your data bank for use in the next monthly billing cycle. The maximum amount of data that can be banked is 500GB. Any unused data from your data top-up will be carried forward into your data bank. Your banked data will remain if you upgrade to a higher-cost monthly plan. Any data in your data bank is forfeited if your mobile plan is downgraded to a lower-cost monthly plan. Data Banking is for domestic use only and cannot be used if the service roams outside of Australia.

### Excess Data Usage

If you exceed your monthly included value and there is remaining in your data bank, you will start consuming the data bank. Auto data top-up is disabled by default. If you need to top up data, please contact Occom to request a top-up for usage.

### Track Your Usage

You will be sent SMS alerts when you reach 50%, 85% and 100% of your monthly data allowance. These SMS alerts are only a guide and may be behind real-time usage. You can get details about your call and data usage by logging in to Occom's customer portal or by sending 'bal' to 179.

### Changing Your Plan

You can upgrade or downgrade your plan by calling our Support Team before the 26th. There is no charge to change your plan however you will not receive a refund for any amounts that you have paid in advance. The changing of the plan will be effective on the next billing date 28th.

#### **Cancellation**

Your service will be automatically renewed each month unless you inform us you wish to cancel your service. You must contact OCCOM to cancel the service before 26th:

1. If you transfer your number to a new provider;
2. If you no longer need your mobile service

A new monthly fee will apply if the cancellation and the port-out date are after the 27th. If you cancel or transfer your service to another service provider, you will not receive a refund for any amounts you have paid.

#### **Final Bill**

When you cancel your OCCOM service(s), all costs are calculated then a bill will be sent to you to finalise your account. You may receive the bill up-to 30 days AFTER your service is cancelled. Your final bill may include all charges and fees incurred up until the end of the bill cycle in which the service was cancelled. If you cancel after 26th, you will receive the final bill with a new monthly fee.

## **2. Information about the Pricing**

#### **Service Activation and First Bill**

Service charges begin from the day you activate your SIM card. If you activate on days 1-27, your first bill will be pro-rated from the date of connection for the current bill cycle, along with the month in advance. This means your first bill may be higher than your ongoing monthly plan fee. After the first month, your bill will revert to the regular monthly charge for your plan.

#### **Bill and Billing Cycle**

You will be billed on the 28th of every month for the full monthly plan fee as per your selected plan. The billing cycle will be from the 28th of the month up to and including the 27th of the following month. Approximately 3-5 days after the 28th of the month you will receive your bill via email.

#### **Direct Debit Date**

You will pay your bill by Direct Debit by the due date which is the 15th of each month. If 15th does not fall on a business day, the actual debit date will be the next business day from the 15th. A direct debit surcharge may occur.

#### **Mobile Billing Policy**
